Michigan Stroke Conference 2010: BRIDGING THE GAPS

Presented by:

The Michigan Department of Community Health, and MPHI in collaboration with partners. This timely conference will provide health care professionals with up-to-date information about stroke care. Participants will increase their knowledge of new stroke treatments and initiatives as well as best practices, they will have the opportunity to network with other professionals, and explore strategies for improving stroke care.

TOPICS INCLUDE...

- Stroke prevention with emphasis on high blood pressure prevention and management
- Stroke systems of care
- Migraine/stroke relationship
- Brain plasticity
- Hypothermia in acute stroke care
- Pre-hospital communication and stroke
- Nursing care of the stroke patient

FEATURED SPEAKERS:

William Cushman M.D. Veterans Affairs Medical Center, Memphis Tennessee, member of The Joint National Committee on Prevention, Detection, Evaluation and Treatment of High Blood Pressure (JNC 8)

Deborah Summers MSN, APRN-BC, CNRN, CCRN Lead Author
"Comprehensive Overview of Nursing and Interdisciplinary Care of the Acute Ischemic Stroke Patient. A Scientific Statement from the American Heart Association"

Gretchen Tietjen M.D. Professor and Chair Department of Neurology University of Toledo

Registration materials will be available in June.
